## HONORARY AWARDS COMMITTEE

### HONORARY DEGREES AND MASSEY UNIVERSITY MEDALS: NOMINATION GUIDELINES

1. The purpose of honorary awards is to recognise individuals of distinction who have made a significant contribution to the University, the Nation or the public. An award is designed to both recognise the individual as well as enhance the reputation of the University. Such awards are not given lightly and relatively few are awarded. Not all excellent candidates can be recognised and knowledge of an unsuccessful nomination can be embarrassing and harmful. Those making nominations and providing supporting documentation are asked to ensure that the person concerned is not aware that their name is being put forward for consideration by the Honorary Awards Committee.
2. Nominations for an honorary degree or Massey University Medal may be made by any person with the support of a member of one of the following:
  - Council
  - Professoriate
  - Academic Board
3. Nominations shall be reviewed by the Secretary for completeness prior to being placed on the Honorary Awards Committee agenda.
4. The prescribed Cover Sheet: Nomination for Honorary Degree and Massey University Medal must be completed and should be accompanied by the following documents:
  - a) Statement from the nominator;
  - b) Summary statement distilling the essence of the nomination (approximately 300 words). This should be written in the accompanying Nomination Sheet.
  - c) Complete curriculum vitae. Where the provision of a complete curriculum vitae proves to be difficult to obtain while keeping the nomination confidential the following biographical information must be provided:
    - i. Date of birth or age
    - ii. Photograph (*optional*)
    - iii. Education history
    - iv. Work history
    - v. Any other information that provides the Committee with an understanding of the nominee relevant to the award being sought.
  - d) Normally three supporting statements from other senior academic or external figures in support of the award;
  - e) Where the nominee is prominent in a field of scholarship practised by the University, a statement of support from the relevant Pro Vice-Chancellor, unless a supporting statement from that person has already been provided.

5. Nominator and supporting statements should address themselves to the criteria set out in the Regulations for either an Honorary Degree or Massey University Medal:
6. The statement by the nominator should also:
  - a) Explain what is the exceptional merit of this candidate relative to their peer group and how that nominee was selected from among other eminent candidates (including the process adopted);
  - b) Explain what was it that the nominee did/does that is worthy of celebration; what distinguishes the nominee in his/her field; and what makes the nominee so special;
  - c) Describe the profile of the nominee and the reason the honorary doctorate should specifically be conferred by Massey University;
  - d) Explain how the nomination will further the aims and objectives of the University;
  - e) Explain what association the nominee has had in the past, and in the case of an Honorary Degree is likely to have in the future, with the University;
  - f) Identify and outline what external event, if possible, the nominee will undertake at the time the award is made. Include estimated costs; and
  - g) Identify what celebration to honour the nominee will be undertaken at the time the award is made. Include estimated costs.
7. The nominator may suggest one or more orators (who may be external to the University and of public standing), giving the reason for the choice/s for the Vice-Chancellor to consider.
